TRUE SOUND
acoustics

Welcome to TrueSound Acoustics and a quieter space.

Your sound is only as good as the acoustics in your room! After 16 years and over 500 different audio visual and acoustic installations, we are experts at helping you achieve total sound control. Truesound Acoustics has a number of international product offerings. These include Auralex Acoustics, Anutone Acoustics, Siuakusitk, RPG Inc. and Fabric Wall. We also manufacture Acoustic products which include Fabric Wrapped acoustic panels, Bass Traps and other room systems. All Studio's or cinema rooms can be designed, built, treated, measured and calibrated by True Sound Acoustics staff making it a turnkey solution to any Audio and/or Visual consideration. We are also heavily involved with the commercial acoustics market so please do call for assistance.

SERVICES

- Acoustics and Soundproofing consultation for residential, commercial and industrial spaces.
- CAD Design of Home Theatres, Music Studio's and other Critical Listening environments
- Interior Design of Spaces
- Complete installation and integration of all equipment
- Room measurement and system calibration.
